Professional profile

I have wide knowledge in online customization service field, marketing, advertisement and art/digital art industry. I am experienced in all aspects of online work cycle through the online task management, project development, working with social media, phone consulting and email communication. My experience in managing the whole company, working online, marketing and sales process gave me the knowledge of high-level responsibility and ability to work in multi-tasking mode. I am creative and have good self-managing skills to enforce. I am a calm person, stress-resistant and knowledgeable in human interaction.

Personal profile

I have good skills within human communications, good endurance and flexibility. I am very loyal to the company that I work for, honest and friendly. My ability to learn new things fast makes me able to adapt to new tasks, knowledge, activities and responsibilities in a very short period. I have a lot of experience to be responsible and be capable of high performance. I am imaginative and quick to develop new ideas, creative and capable. I like to do my job excellent, become a leader and professional in my field.
